Who we are

Basketballpaisley are the biggest amateur basketball club in Scotland based out of Paisley in Renfrewshire. We compete in the Scottish National Leagues across Scotland as well as the Strathclyde Local League. Our home venue Lagoon Centre

PARTNER WITH US

History.

Established in 1995, we have seen great success in the top leagues in Scotland amassing over 100 national championships, which is more than any other Scottish amateur program to date.

With our youth academy being alone at the top of Scottish basketball with the famous double treble achieved by our U16 Men Squad in season 15-16' & 16-17' securing our youth programme in the Scottish record books.

The foundations of success in Basketballpaisley are laid out in the highly successful Superleague program, where boys and girls enjoy the fun of training and playing together in one of our four community clubs.

These community clubs have helped progress players to our youth academy who have ultimately turned into Commonwealth Athletes, Professional Players and have now ventured to the United States spreading our name to those countries and communities.

Those athletes progressing onto bigger and better stages are our pride and joy and is what we pride ourselves on most after our ability to engage as many young people in the sport as possible.

We look to engage as many young people as possible to continue contributing to the growth of our beloved sport and developing opportunities for success in our local community.

We want to build on our rich history... can you add to it?
